ABOUT THE EVENT
The first CS-CAN|INFO-CAN Francophone Women in Computing Day is focused on networking, learning, sharing and mentoring. It embodies the mission of fostering curiosity and awareness of digital innovations that change the community and the world around us.

The event is held in French and brings together leaders from research, education and industry. The one-day event will be attended by more than 200 female undergraduate and graduate computer science students. The event provides an excellent opportunity for industry to connect with all students and offers an excellent opportunity for organizations to easily access top talent from Quebec universities and CEGEPS and helps and supports on-campus recruitment efforts.

WHAT IS THE PROGRAM?
The program can be viewed on the website. It includes stimulating and inspiring speakers, discussions and networking opportunities, a job fair and a programming competition (June 6).

WHAT IS THE COST TO PARTICIPATE?
If your school is one of the participating schools, your registration is FREE. You will need to register to receive all conference communications.

IS THERE ACCOMMODATION?
If you are coming from outside of Montreal, your registration includes your transportation (by bus or public transport) and your accommodation.

WHAT IS THE PROGRAMMING CONTEST AND HOW CAN I PARTICIPATE?
Visit the website for information on the programming competition.

WHAT COMPANIES WILL BE AT THE JOB FAIR?
We expect about 20 large companies to attend this event. All eager to hire you!

WHAT IS THE LOCATION?
l’Université du Québec à Montréal (UQAM)- Sherbrooke Pavilion.

REGISTER NOW!

Fill out this form to be added to the registration list. If your school is not listed above, you can still register as an individual. Contact us to register.
